1st Source Faculty Commercialization Award

2016 Nomination Instructions

Background

1st Source Bank has created the 1st Source Faculty Commercialization Award to annually recognize Notre Dame and Indiana University School of Medicine South Bend faculty for exceptional research discoveries and the role they have played in supporting the translation of these discoveries into marketable products and/or services.

Selection Criteria

1. Candidates for Commercialization Grant support must be faculty.

2. Potential commercialization outcomes must be materially influenced by the inclusion of intellectual property, copyrights, or other creative works emerging from faculty and by direct contributions or involvement of the faculty member, research scientist, or engineer.

3. The application should outline the extent to which the commercialization activities advance the teaching, research, and engagement objectives of the University.

4. The application should outline the extent to which the commercialization activities contribute, in rank order, to the economy and culture of the Michiana region, the State of Indiana, the USA, and to other nations and societies of the world.

5. The application should outline how the innovation(s) will be or were brought to market.

Submissions

Nominations may be submitted by any third party. Self-nominations are allowed.

Deadline

Nominations must be submitted to Tech Transfer by 5:00 p.m., Friday, March 4th, 2016.

Nomination Form

A 2016 Nomination Form is available on the website. The Nomination Form is intended to serve as a guide. You will find that in addition to identifying critical information, there are numerous opportunities to insert additional content. Please feel free to expand upon the requested information.

Attachments

Product/Service-specific documents will be accepted. Supporting research papers, business plans, etc. are discouraged.

Send completed forms to CommercializationAward@ND.EDU.
